

EQUITABLE ACCESS TUITION ASSISTANCE FUND

Community Cares asks you to consider joining in the important work of supporting community members. When dollars are contributed a little more each month, they go directly into the Equitable Access Tuition Assistance Fund and will immediately help additional families access our school.

With your contributions, TPMS will become more accessible to families. Every dollar contributed to the Equitable Access Fund goes back to a TPMS family that is unable to afford the full annual tuition.

EDUCATIONAL ENHANCEMENTS

Children need opportunities to play and learn in settings outside of the classroom.

Extending the classroom outdoors is a core component of the Montessori experience. Experiential and facility enhancements are necessary for every child's experience as they grow, learn, and play. All ages benefit.

Community Cares asks you to consider helping The Portland Montessori School achieve these goals by supporting the development and enhancement for new experiences and structures. Gifts will increase opportunities for TPMS to continue to provide outstanding education in unique and important ways such as field trips, our Seed to Snack Garden, and enhancements to our multiple play yards.

SUPPORTING ANNUAL OPERATIONS

Community Cares centers Educational Achievement. The Portland Montessori

School is an educational facility that puts experienced, passionate staff in learning spaces with curious, imaginative children. Offering classrooms for 15 -30 months, 2.5 - 6 years, and 6 - 12 years, TPMS designs programs that prepare children for the next steps in the development of their individuality and education.

Educational achievement is increased through access to quality learning materials, support for all learning styles and needs, and building in experiences outside of the classroom. Investments in the achievement of young people will enhance social and emotional well-being, narrow societal achievement gaps, build self-esteem, and create a sense of belonging that will continue into adulthood.

Community Cares at The Portland Montessori School

Community Cares is a philanthropic opportunity bringing communities and families together to support long-term educational achievement.

Through Community Cares, TPMS will elevate your contributions that increase the potential of young people to enhance social and emotional well-being, narrow societal achievement gaps, build self-esteem, and create a sense of belonging that will continue into adulthood.

Community Cares shows up in many different ways.
